

Roster of Indiana Registered Soil Scientists
Alphabetical Listing (Updated November 2016)

This roster lists names, addresses, phone numbers and other information for Indiana Registered Soil Scientists that perform soil evaluation in the Elkhart County area. Many people will use the Roster to find a well-qualified consulting soil scientist who will do soil and landscape evaluations for onsite wastewater disposal systems or for other purposes. All registrants have agreed to follow a Code of Professional Conduct which states that they hold paramount the health and welfare of the public and the protection of soil and water quality. Registered *Professional* Soil Scientists have all the credentials required by state law (Indiana Code 25-31.5). Registered *Associate* Soil Scientists have the same credentials except that they have not yet met the work experience requirement. **For a complete list of Registered Soil Scientists please visit www.isco.purdue.edu/irss/**
